iarity Report Censures Assistant Secretary of Agriculture Minority Defends

### THING AGAINST WILSON

den of Criticism Falls on Shoulders of Subordinates and Former Employees

ASHINGTON, Aug. 19.—The investigation of the department of agriculture's connection with the Florida glades drainage project ended to-day when the house of representatives committee on expenditures in the department of agriculture submitted to house its findings in majority and minority reports of its members.

The conduct of Assistant Secretary of the agriculture department, relations with the former drainage engineer, J. O. Wright, were the object of especial attention. The committee was declared in majority report presented by Chairman Moss, democrat, to have been not in harmony "with proper standards of propriety if not official rectitude." The minority report made by Representative Sloan of Nebraska, Republican, asserted on the other hand, the "unstable" majority concluded were "more of a charge against mental capacity and honesty of the committee members" than against Assistant Secretary Hays.

The majority report was signed by Chairman Moss, and Representatives of Arkansas and Dougherty of Carolina, Democrats. The minority report was signed by Representative Sloan of Nebraska, who said that Representatives Higgins of Oregon, and Madden of Illinois, aped it. All are Republicans. Many of the agriculture department's work in connection with the glades were attacked by the Democratic report, which arraigned the department as vacillating and negligent as having been "on familiar terms with real estate promoters andulators."

### O Criticism of Secretary Wilson

real criticism of Secretary Wilson was contained in the majority report, on the other hand, cited the latter of the charges he despised all restraint and attempted to capitalize his official position and draw quick dividend from opportunity.

Everglades investigation arose upon the charges that certain re-

### rns Declares "Higher ps" in Rosenthal Case Are Certain to Suffer

DENVER, Aug. 19.—William J. Burns, the detective, while in Denver en route to Pueblo to attend the meeting of the Colorado Bankers association, declared that the men "up" in the Rosenthal murder in New York city would be brought to justice, but he would not name his connection with the case.

With a man like Judge Whitman in charge of the investigation of the Rosenthal murder, the true facts will be known no matter how long it takes the guilty ones, including the men "up" will be disclosed and condemned to satisfy justice.

Speaking of the acquittal of Clarence Darrow in Los Angeles, Burns said:

know justice was not satisfied in the trial of the jurors for the Socialists that brought about that verdict, now should be tried again and again.

Speaking of the acquittal of Clarence Darrow in Los Angeles, Burns said:

The motion was made that the basket of the air craft almost collided with a bath house. Bits of sand were thrown overboard and seemingly the balloon shot into an unexpected air current that carried it northward. As it disappeared over the Malibu mountains, closely skirting the ocean, its flight veered to the west.

## ABOVE OCEAN IN BALLOON

### VENICE, Cal., Aug. 19.—Five men

who ascended from an ocean pier late today in the balloon California for what was intended to be an eastward flight, are believed tonight to be traveling far out over the Pacific ocean. The balloon is piloted by its owner, Edward Fager, who is accompanied by four friends.

When the ascent was made, the basket of the air craft almost collided with a bath house. Bits of sand were thrown overboard and seemingly the balloon shot into an unexpected air current that carried it northward.

The man drove to the southern extremity of the town and left the automobile there to the postoffice and while effecting entrance were surprised by Dr. J. F. Dawson, who fired three shots at them but was driven into his house by a fusilade of bullets from the guns of the bandits.

A guard left at the door of the post office proceeded to shoot through windows, in which lights appeared while his companions inside prepared the safe for an explosion in which soap and nitroglycerine were used. Jewelry to the value of \$500 was lying in sight of the robbers but it was not touched.

Completing the job inside the three joined their "pal" at the door and leisurely made their way down the main street while lights flashed all about them and frightened men came to windows and doors. A visitor had the effect of closing the door or window promptly. Laughing and smoking cigarettes the bandits reached the automobile in waiting and drove away in the darkness.

Sheriff S. J. McAfee, who arrived on the scene within a half hour after the robbery, declared today that he is convinced the same men murdered the jeweler, John Zabransky, at Brighton Saturday night and escaped with loot estimated at between \$3,000 and \$4,000. Zabransky's body was found today. The sheriff is sure of the belief the same gang robbed the Circle post office last winter when \$10,000 worth of stamps were stolen.

Several suspects have been arrested but it is not believed by Sheriff McAfee that he has the bandits.

### PHOTO ENGRAVERS MEETING

DENVER, Aug. 19.—The thirteenth annual convention of the International Photo Engravers Union began its session in Denver today. Mathew Woll, international president, presided. The engravers will be in session the greater portion of the week. Legislative matters of importance to the union will be taken up tomorrow.

## DARROW DEFENSE ASKS FOR DISMISSAL OF INDICTMENT

LOS ANGELES, Aug. 19.—A motion to dismiss the indictment against Clarence S. Darrow on the charge of having bribed Robert F. Bain, a Missouri juror, will be heard by Judge George H. Houston tomorrow.

The motion was made by the defense attorneys today, when the Chicago lawyer appeared in court for the setting of his trial on the Bain charge. Several grounds were advanced, including the facts that there had been no trial within the 60-day limit after indictment, as provided by statute, and the defendant had been once placed in jeopardy on the same charge. It was argued that Darrow had been tried on the Bain accusation as a part of the general conspiracy charge against him and had been acquitted, and that the prosecution had no evidence against Darrow which had not been introduced in the recent trial.

Neither District Attorney Frederick nor his assistant, W. J. Ford, who represented the state in the trial which ended last week, were in court today.

## Watch This Space Daily

### PROGRESSIVE REPUBLICAN BULLETIN

Preliminary canvasses over the city indicate that the old machine is beaten by better than three to one.

Now, let's make it **FIVE TO ONE**, and so decisive that the people will never be called upon again to arouse themselves to get back a government they had turned over to those whom they believed to be servants—but who have proven bad masters.

REGISTER AT THE COURT HOUSE TODAY.

IF YOU HAVE FRIENDS WHO ARE NOT REGISTERED CALL UP MAIN 204 AND GIVE THE COMMITTEE THEIR NAMES AND ADDRESSES

March right on in this great battle, shoulder to shoulder, until you have made the rout of the machine so complete and the victory over it so decisive that it will never be necessary again.

## PREPARE FOR NEW CITIZENS

### FOREIGNERS EXPECT BIG THINGS, SAYS WILSON

Dwells on Responsibility of Government in Making Country Attractive

Special to The Gazette

TRINIDAD, Colo., Aug. 19.—The Progressive Republican strength and enthusiasm in Las Animas county cannot be mistaken if the great meeting held at the West theater tonight may be regarded as indicative. Philip B. Stewart, Merle D. Vincent, Attorney General Ben Griffith, Clarence E. Dodge, candidate for congressman-at-large; R. G. Davenport, candidate for Lieutenant governor, and others held the close attention of a big audience until a late hour.

"That fellow Phil Stewart fights like a boar!" is the quaint way one of the ranchers put it after the meeting tonight. The gubernatorial candidate was in good trim and, as usual, lost no time and minced no words in telling the people why he was making his fight "inside the party and outside the machine."

The meeting was undoubtedly the largest political gathering held in this city in recent years, and machine men admit that the tide has turned and that Progressive Republicans will sweep the country at the primaries.

"Good Roads for Profit and Pleasure."

"I am in favor of good roads for profit and pleasure," said Mr. Stewart. "I am frank with you I never fought the man or woman who favored bad roads. Preliminary government reports indicate to us that the fortunate farmers of Colorado will have a product possessing a value in excess of \$100,000,000 to haul to the markets this fall. President Roosevelt's farm commission in its report contended that the farmers of the United States were paying out annually twice as much as they should pay because of bad roads. According to this report the average cost of hauling was 30 cents per ton mile. The recommendations of the commission indicated that this could be reduced one-half, or to 15 cents per ton mile by employing good roads instead of bad ones.

"A man in the heat of the crowd took advantage of his rhetorical pause and answered, 'Tatt!' There was a moment's silence when another voice interred, 'The front shout' Wilson.'

The crowd took it up and cheered. When the demonstration had subsided, the governor pointed in the direction of the man who answered, "Tatt" and continued with a smile: "Our friend over there is perfectly welcome to use his road, but if he goes that way, he will find he is in a blind alley because there is one thing that was proved at the September primary. We believe Progressive Republicans will all agree that the primary election is by a direct primary law. This is in accord with our demand for years for a direct primary law. To abandon it would be to place ourselves in the position of idle spectators with no part or share or voice in what will perhaps be the chief political contest of the year, excepting alone the contest for presidential electors, and independent party electors cannot be nominated except by petition and after the September primary. We believe Progressive Republicans will all agree that the primary election is by a direct primary law. This is in accord with our demand for years for a direct primary law. ## SENATE STANDS BY THE HOUSE

REPASSES BILL JUST VETOED BY TAFT

That President Will Again Put Seal of Disapproval on Measure, Predicted

WASHINGTON, Aug. 19.—President Taft will register a second veto against the legislative, executive and judicial bill, it is predicted tonight. The bill was passed in both houses. The bill, as sent to the White house, provides for the abolition of the commerce court, but does not contain the provisions which would limit it to a seven-year tenure civil service employees, to which Mr. Taft objected when he vetoed the same bill several days ago.

The president has expressed a willingness to stay in Washington all summer, if necessary, to back up the commerce court.

After a spirited debate, the senate today repassed the vetoed legislative, executive and judiciary bill.

Without the provision to abolish the commerce court upon which the house insists, the new legislative, executive and judicial appropriation bill was reported to the senate today from its appropriations committee.

Senator Warren, chairman, stated that the committee had decided to omit the civil service seven years' tenure and the commerce court sections to which President Taft objected when he vetoed the bill last week.

Senator Overman presented a minority report from the committee recommending that the abolition of the commerce court be retained as part of the measure.

**Not a Question of Time.**

The senate agreed with the house in leaving out the provision to limit tenure of office of civil service employees to seven years in which the president also had objected.

"There is no secret about the fact," said Senator Warren, "that if this bill goes to the president with this clause left in we will get another veto. It is just a question of whether we want to get through here and get home, or stay here and pass bills and get vetoes."

Senator Clark of Minnesota, leaped to his feet.

"Mr. President," he said, "this is not a question of getting through and getting home. This is a question of doing what we believe to be our duty."

Senator Overman also protested.

"Both the house and senate have voted by large majorities to abolish this court," he said; "the people of the United States have signified their desire that the court should be abolished. The president of the United States is now lined up against the people. The house will insist on abolishing the court and I protest that we should stand by the house."

Senator Bacon of Georgia objected to the stand of Senator Warren.

"I rise to a point of order," he exclaimed. "I believe that it is absolutely out of order to attempt to influence the votes of senators by threatening them with what the president will or will not do."

Senator Warren protested that he was only stating facts.

Senator Overman's substitute containing a provision to abolish the court, was adopted 35 to 23. The Republicans who voted with the Democrats were: Senators Borah, Bourne, Townsend, Clark, Crawford, Cummings, Heyburn, La Follette, Nelson, Poinsett and Works.

Senator Thornton of Louisiana was the only Democrat who voted against the substitute to abolish the court.

**Committee Conclusions.**

The department majority reported the departmental, railroads and telegraph corporation of the vast investment of millions of dollars in undertaking the reclamation of the Everglades. Said it constantly subordinated the industry to other work in which members of congress were particularly interested, and finally abandoned it after an expenditure of \$11,107, without definite results. Its accompanying statement reflected the department's administration in the framing of drainage legislation.

The majority reported Wright's administration of his familiarity with real estate promoters and of accepting development company stock and fees while engaged officially in making surveys to regain lands. It declared that while thus engaged as to paid salesmen and an interested purchaser he appeared before the North Carolina legislature as an official of the department of agriculture ostensibly to advise in the framing of drainage legislation.

**Denounce Action as Repugnant.**

He later boasted, the report said, of securing the passage of a special statute there under which he was enabled to close a deal. His transactions were denounced by the majority as repugnant to a high sense of honor.

**His legal discretion.**

**Minority Defends Hays.**

Assistant Secretary Hays, Arraigned by majority. Minority called the criticism of Hays unfair and unwarranted; that his interest in the possible sale of North Carolina lake bed to Leigh Hunt and others was due to his well known public interest in the development of community country life.

Drainage Engineer Wright. Majority said he accepted fees and commissions whenever offered. Minority reported that no evidence was established that any financial statement indicating great gains from the Mattamuskeet, N.C., project were exhibited by Wright to Hays. Financial statement regarding committee was "fanciful and ridiculous" and would have discredited the scheme at once.

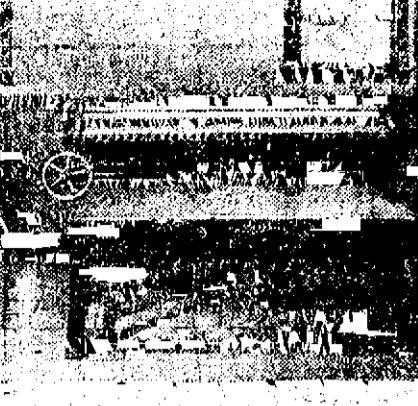

T. C. G. Elliott, chief of drainage, and Assistant Drainage Engineer Moorsehouse. Majority report stated that they admitted making an arrangement which the majority regarded as in violation of the law and of sound public policy, but that there was no profit intended in it and the department had disciplined them severely. The minority agreed as to the oversight of the department's discipline and that if such oversight were a fixed institution the secretaries of agriculture and their subordinates would become abject slaves to "red tape."

**Poughkeepsie, N.Y.**—"I run a sewing machine in a large factory and got all run down. I had to give up work for I could not stand the pains in my back. The doctor said I needed an operation for female trouble but Lydia E. Pinkham's Vegetable Compound helped me more than the doctors did. I hope that every one who is suffering will get the Compound. My pains, nervousness and backache are gone and I have gained five pounds. I owe my thanks to your medicine for it is the working girl's friend, and all women who suffer should write to you for special advice."—Miss TILLIE PLEZIG, 3 Jay St., Poughkeepsie, N.Y.

When a remedy has lived for over thirty years, steadily growing in popularity and influence, and thousands upon thousands of women declare they owe their very lives to it, is it not reasonable to believe that it is an article of great merit?

We challenge anyone to show any other one remedy for a special class of disease which has attained such an enormous demand and maintained it for so many years as Lydia E. Pinkham's Vegetable Compound.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

## A MODEL LAUNDRY

For Private Homes.

Let me install an electric laundry machine in your home in connection with your regular laundry tubs. A machine that will last a lifetime and absolutely guaranteed to do your entire week's washing and wringing in two hours, at a cost of less than 4 cents for power and without any laborious work.

Don't fail to call at my store and inspect

## THE THOR ELECTRIC

Home Laundry Machine.

It will open your eyes to household economy and comfort you never dreamed of.

## FINDINGS ON EVERGLADES

(Continued From Page One.)

ports prepared by government engineers had been withheld from publication with the inference that such action was in the interest of land dealers, C. G. Elliott, chief of drainage, and Assistant Engineer Moorsehouse, who were brought into the controversy, were found by the committee to have made an arrangement in connection with a Carolina swamp lands that was in violation of the law, but that there was no profit intended.

"It is useless," the majority added,

to frame regulations for the government of employees, many of whom work for low salaries and permit those in high position to despise all restraint.

This is particularly true when the object is to capitalize official position and collect dividends from official opportunity. Your committee has no authority to deal further with this matter. It calls the particular attention of Secretary Wilson to the record.

The majority reported that Wright's administration of his familiarity with real estate promoters and of accepting development company stock and fees while engaged officially in making surveys to regain lands. It declared that while thus engaged as to paid salesmen and an interested purchaser he appeared before the North Carolina legislature which did not belong to the government.

Assistant Secretary Hays' connection with the matter arose through a private arrangement he made with J. D. Wright, former drainage engineer, for the handing of some drained land in North Carolina which did not belong to the government.

**News of Local Courts**

Pedro Jose Lopez, charged with assault, was bound over to the district court yesterday by Justice Dunnigan in the sum of \$500. He furnished bail and was released.

In justice court yesterday E. E. Hoyt was fined \$5 for running his automobile at night without lights and H. Read \$2.50 for running his automobile without a number.

Ed McDonald was taken to the county jail yesterday for an investigation as to his sanity.

William Curtis, who was arrested in Denver for local authorities on a charge of taking away from Denver property, was brought back from Denver by Deputy Sheriff Hobbs and arraigned in Justice Gowdy's court yesterday. He waived examination and was bound over to the district court in the sum of \$500. Bail was furnished.

In the district court yesterday Carrie Dutton was granted a divorce from Lawrence Dutton on grounds of non-support and desertion. They were married in this city March 1, 1911.

Lorin Barnes, 8 years old, the child he was found to be mentally defective several weeks ago, has been transferred from a sanatorium in Pueblo to the new detention home for demented children, near Golden.

District Judge Owen yesterday denied the motion of the defense for a new trial in the case of Nellie E. En-

## Coughlin's Latest Is Roasting Ear Feast

Alferman Coughlin is said to be planning a guessing contest, with handsome prize, to be held each week before he announces what festival will hold at the Zoo next. He has given a clam-bake, a barbecue, watermelon day and a pumpkin pie day, and some thought him at the end of his rope. Now he announces a "sweet corn" day for Thursday. His idea in the guessing contest would be to deposit the name of the feature for the next "day" in a sealed envelope, with a newspaper, a week ahead of time, then receive guesses as to what it would be for three days, and reward the winners on the fourth.

The feature for Thursday is hot-sweet corn, and everyone at the Zoo that afternoon will be given all of the big, sweet, juicy, steaming-hot roastings, everything he or she wants to drink. The Zoo management has been dickering with the commission house people and with all the farmers and truck gardeners for miles around, for several days, in order to be sure of enough corn to meet the demands of the crowds next Thursday.

### VINCENT'S IDEA OF

(Continued From Page One.)

In other words, our nominations, in primary, simply because the machine has brought our party name into disrepute. It is not a question of discarding a party name but whether merely because of a name—whatever it may be—we shall discard our right to vote for the candidates of our choice. We have always charged that private conferences in which the public had no part decided our nominations. Slates have been selected for us and no opportunity to vote given. In our opinion, conference and nomination are synonymous, though public character can give the people of Colorado no opportunity to indicate their choice of candidates, however well-meaning the men may be who assume to act for the public, rather than submit nominations to a vote, and we therefore appeal to the Progressive Republicans of Colorado to again join hands with those who have borne the brunt of many Progressive fights in the use of the primary law now available.

The following sentences were passed yesterday by Judge Owen in the district court: J. B. Thatcher and L. Martin, indefinite term in the state reformatory for the attempted robbery of a local electric supply company recently; Augustus Stratton, 20 days in the county jail, for petty larceny; George Kinsey, 90 days in the county jail, for assault; Paul Jones, indefinite term in the state reformatory for the theft of a bicycle.

Elvina A. Hallert yesterday filed a motion in the district court praying for a temporary injunction to restrain Sheriff Birdsell from disposing of certain stock in the Hallert and Baker undertaking company, which stock she says belongs to her.

### Costly Treatment.

"I was troubled with constipation and indigestion and spent hundreds of dollars for medicine and treatment," writes C. H. Himes of Whitlow, Ark. "I went to a St. Louis hospital also in the hope of getting well. No cure was effected. On returning home I began taking Chapman's Stomach and Liver Tablets, and worked right along. I used them for some time and am now all right." For sale by all dealers.

### The Day of Independence.

This is an age of the independent minded voter, who scrutinizes men closer than he does party names and labels. He will be governed by his record, not by his label on his promises, and—inasmuch as primary nominations this year can be made in considering candidates, it has often been immaterial as to what party name or label a candidate bears. His reputation, his record and his abilities are the only things which should concern us whether the party name he bears is a new or an old one.

**RAISING DEFENSE FUND**

San Francisco Labor Council to Ask  
Subscription to Cover Expense  
of Labor Leaders' Trial.

SAN FRANCISCO, Aug. 19.—With the trial of Olaf A. Tyvittmo, secretary of the California State Building Trades council; Anton Johansen, Eugene A. Clancy and 49 other prominent labor leaders who are charged with complicity in the transporting of dynamite in connection with the destruction of the Los Angeles Times building in Los Angeles, drawing near, a movement has been started to raise funds for the defense of the indicted men. A committee of the San Francisco labor council will begin the work of collecting money from the affiliated unions tomorrow. The trial of the indicted labor chiefs begins in Indianapolis on October 1.

**THE PROGRESSIVE PARTY**

Is the individual man or woman, who is progressive, independent, nonpartisan, nonsectarian, non-biased, irregularities? Robert W. Horner, Lawrenceville, Mo., says, "I took three bottles of Foley Kidney Pills and got a permanent cure." They are healing, strengthening tonics and quick to produce beneficial results. Contains no harmful drugs. Never sold in bulk. Put up in two sizes in sealed bottles. The genuine in a yellow package. The Robinson Drug Co.

**VICTIM OF HUSBAND'S JEALOUSY SUCCUMBS**

PORLAND, Ore., Aug. 19.—Mrs. Charles Gehrig died today, the third victim of her husband's jealousy. Thursday night last Gehrig committed suicide after shooting his wife and W. S. Holmes, her former husband. Holmes died the next day. It was a shot fired in total darkness that struck Mrs. Gehrig the first shot extinguishing the light and the third wounding, but not fatally, her sister.

**GEFMAN NAVY TO HAVE AIRSHIP BY OCTOBER 1**

BERLIN, Aug. 19.—The first airship to belong to the German navy is to be a Zeppelin, which is to be completed and taken over by October 1. It is to be stationed at the Johannisthal aerodrome in the vicinity of Berlin.

**REPUBLICANS TO WORK FOR VOTES OF WOMEN**

NEW YORK, Aug. 19.—Republican national headquarters showed considerable activity today. Announcement was made that a woman's department had been opened with Miss Helen Varker, Boswell of this city as its head.

Miss Boswell's assistants are Miss Mary Wood, general secretary, and Miss Mary C. Francis, office secretary. Miss Boswell said active work to gain women's votes for Taft would at once be begun in every state where women have the franchise.

John Hays Hammond, president of the League of Republican Clubs, headquartered at the National Republican national headquarters, today Mr. Hammond said he would devote much of his time to campaign work.

## \$50,000 GIVEN AWAY To Nervous Men and Women

It is not a question whether you can afford or can't afford to pay for a health-giving tonic. The question is do you need a tonic? Are you losing weight? Are you nervous and feel at times that you simply can't keep up and gather and just don't work? Does your brain become fogged and dull? Do you sleep poorly? Have you lost your appetite? Have you been run down, tired out, don't care feeling? Simple! Make-Man-Tonic! It is the only tonic among the 300,000 men and women who will benefit by our \$50,000 donation. But you must act at once. To the first 100,000 men and women who will write us saying that they feel too poor to pay for a tonic which will bring them back to health, we will give absolutely free a 50 cent box of our world renowned Make-Man-Tonic Tablets. Most likely you have heard of their strength-giving properties. If you have not, ask your druggist and we will tell you all about them. The tablets are sold at all Drug Stores, 50¢ a box, a guarantee of money refunded.

publican ballot will be the only ballot this year.

The voter will be handed a ballot on each party, fastened together. He will take them to the election booth and make a cross after the name of the candidate for each office, for whom he desires to vote, and on one ballot only. If he should place a cross after names on both ballots, or if he should write a name on one ballot which appears on the other, the voter will not be counted. He must choose which ballot he desires to vote. Each ballot will contain the names of our candidates, from United States senator to the lowest office, and including precinct committeemen. After marking his ballot he will fold and deposit it in the ballot box, and hand the other to the judges to be placed in a discard box.

If the qualifications of a voter are challenged, he is simply required to make affidavit that he belongs to one of the parties having a ballot in the primary election and that he will vote only in the primary election for the candidates upon his party's ballot. He is not required, however, to disclose with which party he is affiliated and in the affidavit he makes in response to a challenge, he does not bind himself to vote for any particular candidate or under any party ballot at the November election. In voting at the September primary the voter assumes no responsibility for his party's candidate.

To those of us who have for years opposed the practice of the bipartisan machine, which has controlled both parties in Colorado, the primary offers our first opportunity for a square deal in restoring political parties and the state government to the people, who have the right to determine for themselves which party they will support.

To those of us who have for years opposed the practice of the bipartisan machine, which has controlled both parties in Colorado, the primary offers our first opportunity for a square deal in restoring political parties and the state government to the people, who have the right to determine for themselves which party they will support.

A national convention has no legal standing, either under the federal constitution, acts of congress or state laws. National convention nominations, therefore, cannot control the vote of a party member and when a nomination is tainted by fraud or improper practices, the members of a party are relieved of any moral obligation to support the nominees.

We find in California, Kansas, Wisconsin and many other states Progressives have restored their state governments to the people and have placed the management of their party in the hands of the voters. They did not do this merely because they believed themselves to this or that party, but because they have had reform laws to nominate candidates and enabled themselves of the law. Certainly it would be an logical course for us to abandon a fundamental principle of nominating candidates for public office, merely because we cannot vote for them under any name, or because we must vote for them under some particular party name.

Qualifications of Voters.

Concerning the right of a Roosevelt Republican to vote at these primaries, I will state that the September primary election will be held as regular elections are held. The state conducts both. The same judges and clerks act at both primary and general elections. The voter must have the same qualifications. There is required the same registration. Under the primary law only parties having polled 10 per cent of the vote in the preceding election can have a primary ballot and therefore the Democratic and Rep-

ublican ballot will be the only ballot this year.

The voter will be handed a ballot on each party, fastened together. He will take them to the election booth and make a cross after the name of the candidate for each office, for whom he desires to vote, and on one ballot only. If he should place a cross after names on both ballots, or if he should write a name on one ballot which appears on the other, the voter will not be counted. ## THE TARIFF

THE historic argument for a protective tariff is this:

(1) At any given time the nations of the world are in different stages of industrial development. Some countries are in the pastoral stage, others in the agricultural stage, others in the home manufacturing stage, and others manufacture not only for home consumption but for export.

(2) If a country in the agricultural stage desires to get upon a completely self-sustaining basis, it will have to develop manufacturing industries of its own. It must develop such manufacturing industries in the face of competition with the exporting manufacturing concerns located in countries in the fourth stage of industrial development.

(3) In order to develop infant industries in the face of competition with the mature industries of other countries some artificial stimulus is necessary. That stimulus is a protective tariff, high at first, the duties to be gradually reduced as the infant industry gradually gets upon an established self-sustaining basis.

(4) Since the object of protective duties is to encourage the development of manufacturing, the duties are to be levied upon articles of manufacture and not upon raw materials.

The preceding argument outlines the HAS BECOME A scientific justification for a tariff, and shows the need of extended data for the fixation of duties. The tariff question should, therefore, be a non-partisan question. Just as soon as it becomes a partisan question the tariff becomes a "local issue," different groups of political interests demand protection for their constituents regardless of whether or not such protection is consistent with the protective argument as given above; individuals owning protected industries obtain political power and demand that the protection received by them be increased rather than decreased as the industries grow; the amount of protection then becomes, not a scientific or economic question, but a question of "political pull;" the owners of protected industries then assume that they have a "vested interest" in tariff duties; giant manufacturing interests, protected from outside competition by a tariff wall, tend to develop into monopolies; these giant manufacturing industries invariably sell their products in the home market at a much higher price than they obtain for the same goods in foreign markets; in other words, home consumers are discriminated against.

The United States has arrived at the condition of things described in the preceding paragraph. There should be a readjustment of the tariff, downward, based upon a scientific and detailed study. Such a readjustment should be nonpartisan.

A TARIFF BOARD tariff board appointed by President Taft is a board which re-

ports to the President and not to Congress; it is a board of three members having very limited powers; it is a board, one of the members of which, Mr. Reynolds, has recently resigned to become the Secretary of the Taft campaign committee. This board should be replaced by a nonpartisan board of considerably larger size, instructed to report to Congress, given adequate powers, with a membership having extended term of office and adequate salaries, and authorized to make thorough investigations both here and abroad. Such a board was provided for in a bill introduced by Senator La Follette previous to the passage of the Payne-Aldrich bill. The La Follette plan was killed under orders from Senator Aldrich.

The tariff will be the bulwark of privilege until it is revised, schedule by schedule, upon the basis of data submitted by a nonpartisan tariff board with comprehensive powers rather than upon the advice of the special interests which have a pecuniary interest in keeping the tariff rates high.

The idea of a nonpartisan tariff board originated with Progressive Republicans. That idea the Democrats and standpatters have been forced to accept. The fact that there is a tariff board plank in the platforms of all three parties Republican, Democratic and Progressive should make the tariff issue what it ought to be—a nonpartisan question.

means of open windows, even if it is an inexpensive way."

In some cities schools are held out of doors (trust school people to go to extremes.) Think of sitting on a roof in Chicago four or five hours a day during the winter, with a good stiff late breeze blowing—poor kiddies! Those who advocate such torture ought to be compelled to share it.

If I have succeeded in convincing only a few people that the responsibility for the inefficient work in the schools of our country rests with the ones "higher up," I shall be thankful. A. B. C.  
Colorado Springs, Aug. 19.

## THE MEN BEHIND

IN the last number of Collier's, Mark Sullivan gives some interesting data about the two men who "are first and second in command of the Republican party in the United States today." These men are Boss Barnes of New York, "who 'held the bridge' at Chicago" and who is "the actual head of the Republican National Committee in the work of managing Taft's campaign," and Penrose, who "was Barnes' chief assistant at Chicago and is the successor of Aldrich in the position which gave Aldrich his power, chairman of the most important committee of the Senate finance."

Boss Barnes has been characterized in the Report of the Special Committee of the New York Senate Appointed to Investigate the City and County of Albany:

"The most conspicuous beneficiary of graft, public extravagance, and raiding of the municipal treasury we find to be Mr. William Barnes, Jr., himself."

Ten years ago, Senator Penrose was a member of the United States Industrial Commission, the business of which was, among other things, to investigate the Standard Oil Company. John D. Archbold, now president of the Standard Oil Company, wrote to Senator Penrose as follows:

We are very strongly of the opinion that you should take the chairmanship.... Lastly, and may we hope not unluckily, we make it as a strong personal request, May I venture to ask for an affirmative answer by wire?

(Personality)  
25 Broadway New York October 13 1904  
My Dear Senator In fulfillment of our understanding, it gives me great pleasure to hand you herewith certificate of deposit to your favor for \$25,000, and with good wishes, I amYours truly,  
JNO. D. ARCHBOLDHon. Boies Penrose,  
1331 Spruce St., Philadelphia, Pa.

It was for such an offense as this, receiving pay from both private individuals and the government simultaneously that resulted in the expulsion and imprisonment of Senator Burton.

Such is the character of the men, who, with our own Senator Simon Guggenheim, have been all along, and are now, in control of the Taft campaign.

The preceding argument outlines the HAS BECOME A scientific justification for a tariff, and shows the need of extended data for the fixation of duties. The tariff question should, therefore, be a non-partisan question. Just as soon as it becomes a partisan question the tariff becomes a "local issue," different groups of political interests demand protection for their constituents regardless of whether or not such protection is consistent with the protective argument as given above; individuals owning protected industries obtain political power and demand that the protection received by them be increased rather than decreased as the industries grow; the amount of protection then becomes, not a scientific or economic question, but a question of "political pull;" the owners of protected industries then assume that they have a "vested interest" in tariff duties; giant manufacturing interests, protected from outside competition by a tariff wall, tend to develop into monopolies; these giant manufacturing industries invariably sell their products in the home market at a much higher price than they obtain for the same goods in foreign markets; in other words, home consumers are discriminated against.

Few people realize how a teacher is hampered and hindered by the orders, conflicting ones often times of those in authority. No one knows the needs of her class, individually and as a whole, so well as the teacher does, but her authority in matters pertaining to their welfare is slight indeed. Many a one would gladly leave out the frills such as rhythm and raffia in order to give more time to drill in the essentials; but if rhythm and raffia are ordered she teaches them of course.

There is just complaint that few children can read and spell creditably, and most of those are home-taught, by the way. A common way to deal with child that stumbles and blunders in reading is to have him fitted with glasses, his tonsils are removed and he is searched for adenoids. But, if after all this there is no improvement, it is decided perhaps that he never will be a good reader, resembling an uncle in that respect! Many a child has been listed with the mentally defective when he is only the unhappy victim of the bewildering processes through which children are put in the modern school.

Visualizing has been the fashion for a number of years, which accounts in a very large measure for the faulty reading and spelling. But if the authorities say "visualize" it is a daring teacher that would train children to look carefully at the letters in a word and the words in a sentence, knowing that the visualizing would take care of itself. She would at least be considered a "back number."

"Place geography" is also out of style. A boy may say that Philadelphia is in Nevada, but he will be able to discuss the drainage of China, maybe.

The teacher—may know positively that the ventilating system in her building is inadequate and that it is criminal to keep children day after day in such foul air but she would not dare to open a window and let in the fresh, clean air for some one in authority has forbidden it because "an open window upsets the whole system." In some buildings the doors in the halls must be kept shut, and the writer knows of cities where the windows are nailed down. Children may faint in the foul school rooms but that is given as further proof that a great many children are in need of medical attention. No doubt many conscientious can thank the school ventila-

tion system for saving us friends, and one that may easily be overlooked.

Friends are a wonder of things, probably the most wonderful things in all the world. While acquaintances at best, are temporary friends. So let me remember that she understand is a very satisfactory qualification for a friend, and one that may easily be overlooked.

## VINCENT IS READY TO MEET STEVENS

Tells Him to Name His Own Ring as Well as Rules to Govern Debates

"You can say for me," said Merle D. Vincent, Progressive Republican candidate for the United States senate, at Stewart headquarters yesterday, "that I am delighted to hear J. N. Stevens has accepted my challenge to meet him in joint debate. He can name the ring, the rules and attend to all the details so that it suits him exactly. I mean by this that he can fix the dates, places and rules governing the discussion, and I will be at his service."

About 10 days ago, Vincent, irritated by a remark Stevens made as presiding chairman of the Bull Moose convention in Denver, issued a challenge to Stevens, and with this challenge made it plain that the latter had been rather closely allied with the Guggenheim interests in the state. As a matter of fact, Vincent's statement practically charged Stevens with having sold out his principles for the nomination of congressman at the state convention two years ago.

Stevens' reply Sunday that he would accept the challenge is the final result, and with these two able men at the bat, there will be plenty of fun at the grandstand and the bleachers.

Warden Tom Tynan of the Colorado state penitentiary delivered the principal address of the afternoon program, which was given in Soda Springs Park. After Tynan's address the Midland band gave a special program, which was followed by a concert by the Temple quartet.

## JUDGE SCHOONOVER WINS ALL-STATES DAY PRIZE

In the oratorical contest at the All-States celebration at Mansions Park, Manitou, yesterday, Judge Manford Schoonover of Garnett, Kan., won the silver cup, offered by the town of Manitou, with his oration on the Sunflower state.

Mrs. Kate Edinger Terrell, who trained the choruses in the various state picnics, was presented with a silver bonbon dish as a testimonial of the esteem in which she is held by the summer tourists.

Warden Tom Tynan of the Colorado state penitentiary delivered the principal address of the afternoon program, which was given in Soda Springs Park. After Tynan's address the Midland band gave a special program, which was followed by a concert by the Temple quartet.

### Good Reason for His Enthusiasm.

When a man has suffered for several days with colic, diarrhea and other form of bowel complaint and is then cured sound and well by one or two doses of Chamberlain's Colic, Cholera and Diarrhea Remedy, as is often the case, it is but natural that he should be enthusiastic in his praise of the remedy, and especially is this the case of a severe attack when life is threatened. Try it when in need of such a remedy. It never fails. Sold by all dealers.

## Out of Town Voters May Register Today

Registration of voters in out-of-town precincts commences today. Regardless of whether residents in Ivywild, Broadmoor and the rural precincts voted in the last election, they are required to register again to be eligible to vote in the primary election, September 10. The voters in Ivywild will register at the chapel and in Broadmoor at the Cheyenne school.

### COUNTY CLERK REQUIRES CANDIDATES' ADDRESS

As the law requires that the county clerk publish the addresses of each of the candidates, all assembly candidates who have filed their acceptances are requested to send their residence and business addresses to County Clerk E. C. Shelden at once. The petition candidates already have furnished their addresses.

### ISABELLA SHOWS ADVANCE

On the Mining exchange yesterday morning Isabella jumped from 18½ to 20½ cents. It opened at 19, 4,000 shares selling at that figure. Two thousand shares changed hands a 20½ cents and the total sale was 31,000 shares. It is thought that the increase in price is due to the efforts of eastern investors to gain control of the company.

### NOTICE TO GAS CONSUMERS ON WEST SIDE AND COLO. CITY

For the purpose of making repairs to mains, gas will be shut off from 2:30 to 6:30 p. m., Thursday, August 29.

## NEW COLLECTION ORDER IMPROVES MAIL SERVICE

The postoffice department has just installed at the Denver & Rio Grande and Santa Fe stations here a mail collection service which, for rapidity, is said to be unequalled by the service in any other city or town in the United States.

Under the new service the railway mail clerk on every train which passes through Colorado Springs is required to open the mail box at the station, assort the mail and take all matter whose destination is on his road or a connecting road. Under the old service the local collectors gathered the mail at certain hours, probably six or eight times a day. The new regulations also require the collectors to gather the mail at regular hours. Before this system was adopted the mail was taken to the postoffices, assorted and then taken back to the depots. Now it is important, it is sent direct to the depot, where it will always go out sooner than it did at the office.

The box is of a special type, being larger than the ordinary, and having two doors, one for the railway mail clerk and the other for the city collector. The boxes will be opened by various clerks at least once an hour both day and night. The system has been in operation in Texas for about a year and it is proving extremely satisfactory.

### CIVIL SERVICE TESTS TO BE CONDUCTED SOON

Clare E. Thomas, secretary of the local civil service commission, said yesterday that all who are contemplating taking the civil service examination for mail clerk and carrier in the local office should hand in their applications as soon as possible. No applications will be received after October 1. The examination will be held November 6.

This is about the only civil service examination given here in which the successful applicants may obtain employment in Colorado Springs. The salary on entrance is \$700 a year and promotions are comparatively rapid until a \$1,200 salary limit is reached. The examination consists of arithmetic, spelling, letter writing, penmanship, etc. Other civil service examinations to be given here soon are as follows:

Band leader and instructor in the Indian service. This is to fill a vacancy in the Cheyenne River school in South Dakota. The salary is \$720 a year. The examination is on training, experience and general fitness, and will be held at the local postoffice September 14.

Advanced apprentice and engraver. As there were no eligible applicants for this position in the examination held July, the place, which is in the hydrographic office of the bureau of navigation, navy department, at Washington, is still open. The examination will be held September 18. The salary is \$700 a year.

Dairy chemist. This examination is to fill a position in the dairy division of the bureau of animal industry, department of agriculture at Washington. The qualifications require a college training in chemistry. The salary is \$1,800 a year and the examination will be held September 21.

Trained nurse for the Isthmian canal and Indian service. This examination is technical and will be held October 16.

### NOTICE TO GAS CONSUMERS ON WEST SIDE AND COLO. CITY

For the purpose of making repairs to mains, gas will be shut off from 2:30 to 6:30 p. m., Thursday, August 29.

THE GAS CO.

### POLICE WANT BRUTSCHGE

The police department is holding a telegram for J. J. Brutschge of Manhattan, Kan., who is supposed to be in Colorado Springs. The telegram was received yesterday, announcing the death of Brutschge's wife, and is signed by A. J. Schep.

## HOME TRUSTEES WORK ON ENTRANCE REQUIREMENTS

Trustees of the Myron Stratton home are finding a difficult proposition to figure out entrance requirements to the institution, work, which will be commenced this fall. To gain admittance one must have been a resident of Colorado for at least 10 years, and all sick people will be barred, according to announcements made thus far.

Dr. D. H. Rice has been advancing his ideas on the subject, and it is probable that many of them will be incorporated in the entrance requirements. He believes old people deserve much sympathy, and that it was for this class that Stratton first planned the home.

"Old women who have slaved through life for others and who are now unable to help themselves should be taken care of," says Dr. Rice. "Also old men who are unable to care for themselves are deserving, but we do not want old men who have trifled their lives away and now find themselves with nothing on which to live."

Many applications for entrance have been received from all parts of the country, but only Coloradans will be admitted. Architect M. P. Biscoe of Denver is working on the plans for the first buildings. They are to be erected to care for the first children who enter the home, and will accommodate about 25 people. Tent cottages will be built for the adults first admitted to the home.

The pipe line which will carry water to the institution will be 2½ miles long and will cost about \$15,000.

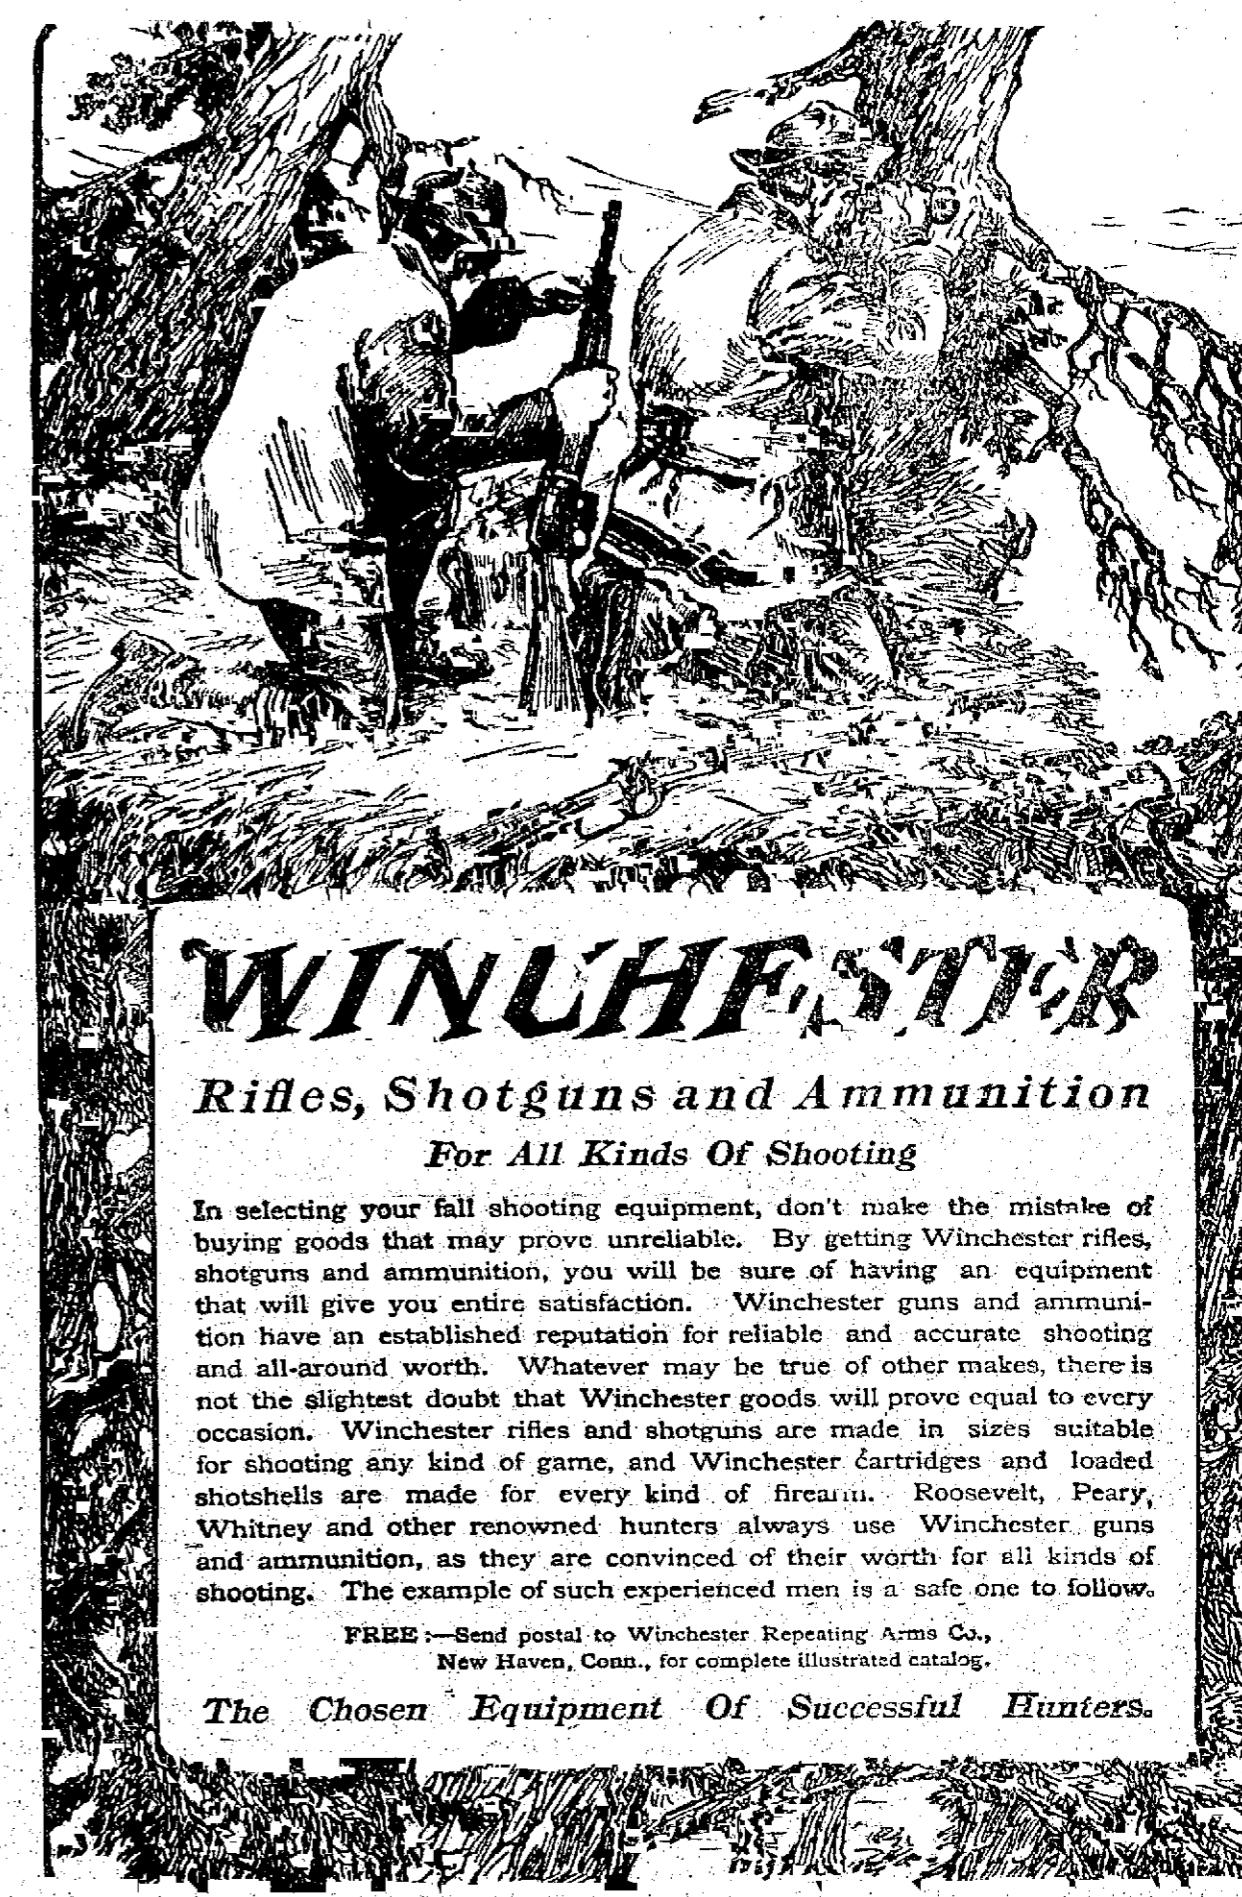

It will pay you to inquire about our

new Sales promotion plan

### Personal Mention

Mrs. Lee W. Davis of Victor is a guest at the Acacia hotel.

The Rev. Father Clarke of Glenwood Springs is spending a fortnight in Excelsior Springs, Mo.

Miss Ethel Gordon left yesterday for Seattle, where she will spend next winter with her parents.

After a business and pleasure trip of 10 weeks in Europe, Isadore Polant returned to this city yesterday morning.

Miss Elizabeth McKnight of Quincy, Ill., has been the guest of Mrs. Mattie Anderson and daughters, 221 East Wilmette Avenue, during the past week.

Mr. and Mrs. Hugh Martin and child of Dallas, Tex., and Mrs. H. W. Longmire of Palestine, Tex., are spending a few weeks in this city at 801 North Corona street.

A. R. Wanless and his mother, of Memphis, Tenn., are visiting old friends, R. B. Jiles and the Rev. F. H. Jiles. Mr. Wanless is secretary-treasurer of the Phoenix Cotton Oil company, and says the outlook for the

coming season is for heavy business owing to the big cotton crop.

Miss Minnie L. McCall, assembly candidate for the Republican nomination for county superintendent of schools, who has been teaching in the county institute at Greeley for the past two weeks, has returned to this city.

The Misses Mary M. and Margarette M. McCullister left yesterday for New York city to spend a year in the study of vocal and instrumental music. They will be under the tuition of Giuseppe Buonarroti.

E. S. Rockefeller, who, with his family, has been living at 3124 Cheyenne road for the last three weeks, has returned to his home in Russell, Kan. His family will remain here for the rest of the summer.

MARRIAGE—Howard L. Young and Miss Ethel E. Goss, both of this city, were married at the home of the bride's sister, Mrs. F. J. Dilmon, 509 South Watchorn street, last night. The Rev. J. S. Wilson, pastor of the United Presbyterian church officiated. The couple will make their home here.

A year book of aerial navigation for 1912 has been issued by the March publisher, J. P. Lehman. It contains no fewer than 555 pictures to illustrate the text, which considers the subject from every point of view under its sub-

jects.

Malaria is a species of blood poverty known as Anæmia. In the first stages of Malaria the complexion becomes pale and sallow, and there is a general feeling of weakness. As the circulation becomes more thoroughly saturated with the malarial infection, the digestion is deranged, chills and fever come and go, skin diseases, boils, sores and ulcers break out. Malaria can only be cured by removing the germs from the blood. S. S. S. destroys every particle of malarial infection and builds up the blood to a strong, nourishing condition. Then the system receives its proper amount of nutrition; sallow complexions grow ruddy and healthful, the liver and digestion are righted and every symptom of Malaria passes away. S. S. S. cures in every case because it purifies the blood and any medical advice free to all who write.

### Deaths and Funerals

The funeral of Jesse Calderhead, aged 17 years, who accidentally shot himself while hunting on Cheyenne Mountain Sunday morning, will be held at 10 o'clock this morning from the undertaking rooms of Fairley & Law. Interment will be in Evergreen Cemetery.

The funeral of Joseph Ricks was held yesterday morning from St. Mary's church. Interment was in Evergreen cemetery.

Mrs. Helen Rhoades died at 11 o'clock Sunday night at her residence, 437 Josephine street, Denver. She is survived by a son, Theodore Rhoades, who is associated with the Short Line, and

by two daughters, the Misses Leila and Jean Rhoades. The body will be brought here tomorrow afternoon for burial, interment being in Fairview cemetery, Colorado City.

### SAUNDERS WOMAN TO BE HELD FOR TRIAL

Coroner's jury yesterday investigated the shooting of Charles H. Jones, colored, at Elk View Sunday morning by Kittle Saunders, also colored, held that she fired the shot which killed Jones with felonious intent. The

Saunders woman was returned to the county jail, and at the instigation of Assistant District Attorney Purcell, Minnie McCall, also colored, was held

as a witness. The coroner's jury con-

sisted of C. C. Ditz, foreman; Albert

McShane, J. B. Dickey, C. P. Ford, Cyrus Mansfield and A. C. Kern.

Suit in our store, worth  
up to \$25.00.

## Colorado City DEPARTMENT

### Speed Officer Will Have a Motorcycle

Little more than routine business came before the regular meeting of the Colorado City council last night, and the meeting was short. Bills were allowed and an ordinance passed requiring Colorado City owners of automobiles and motorcycles to display numbers on both the front and the rear of their machines. On request of the street car conductors it was decided to change certain street numbers west of Eleventh street and to make the numbering more uniform.

A letter of appreciation of the work of Speed Officer Stacker from Charles Chapman, city clerk of Colorado Springs, was read. After some discussion the council, by a vote of 3 to 2, authorized the police committee to purchase a motorcycle for the speed officer, in order to enable him to catch speeders more easily.

The resignation of Alderman William England, who has moved to Denver, was accepted.

### REGISTRATION BOOKS WILL BE OPEN TODAY

A meeting of the Colorado City Republican club was held last night in the office of J. P. Jackson, secretary of the club, to discuss registration and make plans for getting out a large Progressive Republican registration. The registration for Colorado City will begin today and continue for the rest of this week, the place of registration being the lobby of the National hotel, and the time being from 12 o'clock noon until 9 o'clock at night.

### COLORADO CITY NEWS NOTES

Store your household goods—Dust-proof Warehouses. Call up C. M. Sherman.

Thomas McCann returned yesterday from Pueblo, where he has been visiting with relatives.

Dr. J. F. Willard will return to this city September 1. He has been spending the summer in mine development work at Lincoln Gulch.

Chester Maxwell, aged 60, of Carpenter, Cal., died yesterday morning at the home of his sister, Mrs. G. H. Stuntz, 106 North Third street. Funeral services will be held at 3 o'clock this afternoon from the Stuntz residence. Interment will be in Evergreen cemetery. Maxwell had been ill for about six months and had been living in Colorado City for three months. He was unmarried.

In police court Saturday, W. J. Fraiser was fined \$5 and costs for speeding his automobile. James Kelley was fined \$5 and costs for drunkenness and John Quinn, \$10, and costs for drunkenness and disturbance. In a fight with Quinn while taking him to jail Saturday night, Officer Frank Whitney broke the little finger of his right hand.

## At the Theater

### James Hawley and Players Score Hit in "Time, Place and the Girl"

By E. L. C.

Opening at the Grand Opera house last night for a week's run, G. M. Faught presents James Hawley and Garrick Players in Monty H. Cunningham's great musical comedy success, "The Time, the Place and the Girl."

It has become a theatrical axiom

girly singing and dancing chorus is being seen this week.

Mr. Hawley portrays the role of "Happy" Johnny Hicks, that of an adventurous gambler, who is accompanied by his pal, Tom Cunningham, (James Guy-Usher) to a health resort, after a "night-out" in Boston. They keep the story "humming" by having

MISS GRETCHEN KNORR.

As "Molly" in "The Time, the Place and the Girl," which closes the Summer Stock Season at the Opera House this week.

that each production is the best and greatest, and in "The Time, the Place and the Girl" this rule is held to find more than good. Mr. Faught having broken all precedents in the quality of the offering, the costliness of the production, the brightness of the play, and the other things that go to make up a brilliant musical comedy.

A unique book, clever lyrics, music of the bright and catchy sort, dances that appeal and a professional which

no dull moments while they are on the stage. Mr. Hawley is right at home in the part, having plenty of sang and clever lines to "put over" and this is just what he does.

Miss Gretchen Knorr as Molly, the nurse, whose brother, Johnny Hicks and Cunningham fight with in Boston the night before they land in the health resort, is a part no one in the company could have handled in the clever manner in which Miss Knorr portrays the role. She has two very good song numbers, "I Don't Like Your Family" and "Old Mr. Dream Man," that she took courage after coming with last night.

Mrs. Talcott, as played by Miss Nina Sears, a Colorado Springs girl, portrays the character in an artistic manner. She deserves much credit. Miss Sears has a sweet contralto voice. Mr. Lou Sears as Jasper Simpson, the wealthy farmer, who is afraid he is going to spend a dime, is a character we like to see him in as he is about the cleverest "old man" performer ever seen in stock in this city. The entire supporting cast are at their very best this week. At times the plot was rather slow, but the old story holds good once more. "It was the fire performance."

This week's production closes the summer stock season at the Opera house, as the Colorado Springs Opera House company have let contracts for the redecorating of the theater for the regular theatrical season, which opens September 6, with Cohan and Harris' "Officer Kelly."

Mr. Hawley and players will leave hundreds of friends in this city after playing one of the most successful stock engagements in the history of the Opera house. It is understood around the lobby of the theater that Mr. Hawley and company will be seen in "The Time, the Place and the Girl" as a one-night stand production through the west this season, playing only first-class theaters, under the management of Messrs. Faust, Nyo and Wilson.

"Good luck to you all for this week and the road season, for the production deserves the patronage of every theatergoer in this city."

### NOTES FROM THE BURNS

The best act—

"The Talk of New York."

The curtain calls were ovations.

Matinee today at 2:30 sharp; come early.

Your choice of balcony seats at 25 cents.

There is one theater party for this afternoon at 2:45.

There are numerous matinee parties for today of over 10 each.

The box office will be open this morning at 9 o'clock. Our telephone is Main 260.

For an opening performance, last night was the smoothest of the year.

There are nine George Cohan songs

### First Sacker Konetchy

Do you suppose for a minute he'd be the clever player he is; strong batter, a leading 1st baseman if he didn't keep in the pink of condition? He

### Drinks Coca-Cola

because it helps—one glass quenches the thirst, relieves fatigue of brain and body, refreshes—and has no come back.

### Delicious Refreshing Thirst-Quenching

Free Our new booklet, telling Coca-Cola's history, is at Chatzidakis for the asking.

Whenever you are an Arrow think of Coca-Cola.

in "The Talk of New York" and every one is a "nipper."

There are no long waits between the acts of "The Talk." While the show is heavy, the extra crew of stage mechanics solved one of the usual stage problems.

Professor Fink and his augmented orchestra are at their very best this week. Not only are the "Cohan" songs dandy and catchy, but the orchestra between-act numbers are superb.

This afternoon, Thursday and Saturday matinee performances of "The Talk of New York" will be given. The prices range from 25 to 50 cents—only.

The floral offerings tendered Mr. Richardson on his appearance last night was unquestionably the most magnificent ever showered upon a

male star in the calendar of Colorado Springs anniversaries.

We think we are safe in saying this will be the banner attendance week at the Burns theater. Seat reservations are the heaviest in the history of the present season.

"The Talk of New York" is new local theatergoers, as Victor Moore never came west with the musical comedy written for him by George Cohan—but thousands will witness this week.

An Italian named Francesco de Pochi, who lives in Turin recently an exhibition before government

WALTER RICHARDSON.

Who is appearing at the Burns theater this week as Kid Burns in "The Christian," and has filled a score of special short stock engagements the Hal Caine masterpiece. Next week Mr. Richardson continues his radio tour, meantime at the "playhouse beautified" in the thrilling play of Canadian country, "Pioneers of the Plains."

### Are the Fly and Mosquito Dangerous?

The fly, with spongy feet, collects the invisible germs of diseases, spreads them over our food and poisons us with typhoid and cholera. The mosquito, or gnat, are everywhere present for us to breathe into our lungs. The blood which flows through our veins and arteries is our protection. It should contain healthy red and white blood corpuscles capable of warding off these disease germs. Dr. Pierce's Golden Medical Discovery is a blood medicine and alterative made entirely without alcohol, a pure glycerine extract of bloodroot, golden seal, Oregon grape root, queen's root, mandrake and stone root, which has enjoyed good reputation for over forty years. The refreshing influence of this extract is like Nature's influence—the blood is bathed in the tonic which gives life to the blood—the vital fires of the body burn brighter and their increased activity consumes the tissue rubbish which has accumulated during the winter.

About forty years ago in Newark, New Jersey, it had been written that Michael Maguire, of National Military Hospital, had failed to do me good. Finally I saw Dr. Pierce's Golden Medical Discovery and it succeeded. I took one bottle of it and the chills vanished. In about a year and a half I came back again and took another bottle and have never had any trouble since. This is all traceable to Dr. Pierce's Golden Medical Discovery.

Dr. Pierce's Pleasant Pillots are for Liver Ills,

the Shredded Wheat Company

## Jeanette Will Fight Sailor White Tonight

A FEW BOUTS SCHEDULED  
FOR REMAINDER OF WEEK

Aug. 20—Joe Jeanette vs.  
Sailor White, 10 rounds, at  
Newark, N. J.

Aug. 20—Frankie Burns vs.  
Jim Kendrick, 10 rounds, at New  
York city.

Aug. 20—Matty Baldwin vs.  
Frank Piatro, 12 rounds, at  
Boston.

Aug. 21—Tommy O'Keefe vs.  
Jimmy Duffy, 10 rounds, at New  
York city.

Aug. 22—Frank Warner vs.  
Eddie Morgan, 20 rounds, at  
Liverpool, England.

With Joe Jeanette engaging Sailor  
White in a 10-round affair at Newark,  
N. J., and Frankie Burns clashing with  
Kendrick at New York city, not  
speaking of a number of minor battles  
led the boxing calendar for the re-  
mainder of this week gives out evi-  
dence of renewed activity in pugilism.  
Anything that pertains to Joe Jean-  
ette right now is interesting to ring-  
ers because from the trend of pres-  
negotiations there is a possibility  
that Joseph is to be the big noise in  
the heavyweight division before long.

New York comes the information  
that Jeanette will be sent against  
Kendrick in a 10-round contest on Tuesday night.  
Kendrick, a classy English ban-  
tam, will be sent against Frankie Burns  
in a 10-round contest on Tuesday night.  
Kendrick has made a good impression from his consistent  
work in his battles over here, and, al-  
though he has never displayed champion-  
ship form, still he always is capa-  
ble of giving a good account of him-  
self in any kind of going.

Dan McKeithick, manager of Jean-

ette, writes that if Joe is again

evaded by Eli Arthas he will pull up  
stakes for Australia where two en-  
gagements await him. Hugh McIn-  
tosh wants Jeanette to meet both  
Longford and McVea. The financial  
inducements are not just to McKeithick's  
liking, he says, but he feels con-  
fident that McIntosh will tilt the offer  
at him when he finds that present terms  
are not acceptable.

"In addition to the offer from  
McKeithick," says McKeithick, "I also have  
received a proposition from the National  
Sporting Club of Paris, France, the  
biggest boxing organization in  
Europe, outside of the National of  
London. This club wants Johnson and  
Jeanette for a finish fight, the date  
to be left to the desire of Johnson, but  
if he wants the match he must agree  
to fight before December. The Paris  
offer is a flat guarantee of \$30,000 for  
Johnson, win, lose or draw, and in ad-  
dition \$1,000 will be given Johnson for  
his training expenses. I do not see  
how Johnson can dodge the proposition.

A representative of the Paris club will  
be in this country in a few days to confer  
with Johnson regarding the match."

Jeanette's little affair with Sailor  
White Tuesday night is not causing Joe  
much concern. He looks upon it as a  
little needed exercise.

Jim Kendrick, a classy English ban-  
tam, will be sent against Frankie Burns  
in a 10-round contest on Tuesday night.  
Kendrick has made a good impression from his consistent  
work in his battles over here, and, al-  
though he has never displayed champion-  
ship form, still he always is capa-  
ble of giving a good account of him-  
self in any kind of going.

## German Champ Here for Bout With Yousouf Tomorrow Night

Harry Faust, heavyweight champion  
of Germany, and known as "Rough House Dutchman," reached  
Colorado Springs late yesterday afternoon  
for his bout at Zoo park tomorrow night with Hassan  
Yousouf.

"Tell my opponent," said Faust  
to his rich bogue, "that I'm feel-  
ing fine as silk and that he will  
have to be a near-champion to  
out-me. This does about all  
it will not bother me a little  
—It never does if you are in  
good physical condition. I'll  
beat Yousouf some real wrestling  
Wednesday night."

Faust looks the part of a grapple-  
rider and fast and seems to be as  
hard and tough as a piece of holl-  
erite. He comes direct from the corner-  
where he has had a number of  
battles with some of the star grapple-  
rs in that section of the country.  
He is billed for a bout in Wichita  
next week.

All the arrangements for tomorrow  
night's match at the Zoo have been  
completed, and both Faust and Yousouf  
are in good trim. Following his usual  
custom, Alderman Coughlin has in-  
vited that ladies be admitted free  
and it is probable that there will be a  
good representation of the fair sex at  
the ringside.

As a preliminary to the main event,  
Jimmy Mack, the local middleweight,  
will go on with Kid Specier, also a  
real matmen. Another preliminary  
is also promised.

And speaking of Jimmy Mack, there  
is a new grapple in town who is eager  
to take a chance at the Colorado  
Springs man. He is Joe Chase, a  
resident of the western slope, and he  
has got a challenge for any Colo-  
rado man of his weight. Mack pre-  
dicted Chase has met a number of  
the best men at his poundage and is

looking for more worlds to conquer.

This challenge may be accepted either  
through The Gazette, great Mayor's  
academy in the El Paso Bank building

or his bout at Zoo park tomorrow night with Hassan

Yousouf.

"Tell my opponent," said Faust  
to his rich bogue, "that I'm feel-  
ing fine as silk and that he will  
have to be a near-champion to  
out-me. This does about all

it will not bother me a little  
—It never does if you are in  
good physical condition. I'll  
beat Yousouf some real wrestling  
Wednesday night."

is also promised.

And speaking of Jimmy Mack, there  
is a new grapple in town who is eager  
to take a chance at the Colorado  
Springs man. He is Joe Chase, a  
resident of the western slope, and he  
has got a challenge for any Colo-  
rado man of his weight. Mack pre-  
dicted Chase has met a number of  
the best men at his poundage and is

looking for more worlds to conquer.

This challenge may be accepted either  
through The Gazette, great Mayor's  
academy in the El Paso Bank building

or his bout at Zoo park tomorrow night with Hassan

Yousouf.

"Tell my opponent," said Faust  
to his rich bogue, "that I'm feel-  
ing fine as silk and that he will  
have to be a near-champion to  
out-me. This does about all

it will not bother me a little  
—It never does if you are in  
good physical condition. I'll  
beat Yousouf some real wrestling  
Wednesday night."

Faust looks the part of a grapple-  
rider and fast and seems to be as  
hard and tough as a piece of holl-  
erite. He comes direct from the corner-  
where he has had a number of  
battles with some of the star grapple-  
rs in that section of the country.  
He is billed for a bout in Wichita  
next week.

All the arrangements for tomorrow  
night's match at the Zoo have been  
completed, and both Faust and Yousouf  
are in good trim. Following his usual  
custom, Alderman Coughlin has in-  
vited that ladies be admitted free  
and it is probable that there will be a  
good representation of the fair sex at  
the ringside.

As a preliminary to the main event,  
Jimmy Mack, the local middleweight,  
will go on with Kid Specier, also a  
real matmen. Another preliminary  
is also promised.

And speaking of Jimmy Mack, there  
is a new grapple in town who is eager  
to take a chance at the Colorado  
Springs man. He is Joe Chase, a  
resident of the western slope, and he  
has got a challenge for any Colo-  
rado man of his weight. Mack pre-  
dicted Chase has met a number of  
the best men at his poundage and is

## CRIPPLE CREEK MINES

## NEW YORK MARKET

## CHICAGO MARKET

CRIPPLE CREEK, Aug. 19.—The second visit to be made in four months by leading stockholders of the Blue Flag Mining and Milling company is made to the district at this time.

The stockholders of the company held their annual meeting in Denver, August 13, when the following officers and directors were elected: J. F. Erismann, Denver, president; and general manager; Charles McHugh, Victor, mine superintendent; D. A. Schmidlin, Jacksonville, Id., vice-president; R. Shumaker, engineer-general; and Dennis secretary and treasurer; Dr. J. S. Egall of Chicago; C. W. Walker of Carbondale, Ill.; and J. S. Gammon of Butte, Mont., directors.

The stockholders were pleased with the progress made during the last year. The company's unit in this district has been improved and enlarged, indicating the beginning of the iron day. It is said that in the mine there has been an abundance of ore opened up which will be put through the mills. The cost of improvements and development to the mill and mine made during the first year will amount to \$300,000, it is said.

The stockholders are interested in the condition of the camp and of the things that are being done here. They have followed closely the progress that has been made in a metallurgical way and are satisfied with the mill which they have put in. They have every faith in the camp and in their mine.

## Leases on Smith-Moffat Holdings.

Philip Argott, manager of the Smith-Moffat Mines company in this district, has let a number of leases on ground owned by that company here. Clark & Godfrey or its subsidiary have given a lease on the main shaft of the Roxana mine, Aspinwall, which Tom Hendry has a lease on blocks 3 and 4 of that estate while Andy McHugh of Cripple Creek has block 5 of the Roxana.

In the Venturine claim, located on Bull City, adjoining the Victor mine, A. L. Watson of Cripple Creek has been given a lease on block 1. Work has just been started on this block. Andy Elliott of Victor also has a block of ground.

The Victor mine, another of the Smith-Moffat holdings, is now operated by the Western Investment Company and a number of sublessors. The mining of this time runs between 20 and 35 tons a month while the ore is of a grade between 30 and 32% lead on the average. This lease expires within the next few months and several have put in applications for the property. However, the lessors are waiting for some appraiser who has a mind to put in. It is desired that this is one of the best mining propositions in the camp. It is believed that the men who are given the next lease on the Victor mine will agree to let up a mill.

## 10,000-Gallon Flow From Tunnel.

Engaged in the drainage plan, who visited the portal of the Roosevelt drainage tunnel, reports that a record flow of water there ate 10,000 gallons a minute, drawing from the tunnel. This shows, naturally, a cessation of the "dries" usually in the ditches but this has not been noticeable because of the influx of surface water into the streams. It is said that in the gold vein on Battle Mountain the water has been stopped by the keepers.

## Change Room for Ore Sorters.

Orders have been issued from the offices of the Portland office at Victor to the managers to immediately erect a change room for the ore sorters. The working will be to test each load of ore before it will be completed within a month. It is estimated that the grades and assays will be taken in 1000 feet of the mine, the first stop on the fifth floor, well downstream of the main entrance to the shaft. There is a good chance of one being made.

## Appetizing Lunches

How good one of our dainty  
delicious lunches taste out on a  
picnic in our glorious canons! It  
is truly a picture that will never  
be forgotten.

We furnish such attractive  
foods and in such variety that  
they would tempt the appetite of  
the Sphinx.

We put them up quickly, too  
come in and visit our Delicate-  
sion Department.

(Continued From Page Four)

process. The time is past when a good  
laundry dumps all kinds of clothing into  
the same hot soap suds without regard  
to their chemical composition.

It is known that there are certain  
chemical processes that greatly  
strengthen fabrics and the laundry man  
of the future will understand these  
thoroughly and exercise his knowledge  
for the good of his patrons. For ex-  
ample, the process of mercerization  
makes cotton far more durable be-  
cause the action of the caustic soda, as  
used lengthens the fiber. The up to  
date laundrymen are now continually  
experimenting with a view to increas-  
ing the wearing qualities rather than  
destroying them as has been charged.

Another matter of great importance  
calling for chemical knowledge in the  
laundry is the treatment of spots in  
clothing or household linen. A formula  
which will remove one kind of spot  
may tend to set another more firmly  
so that it is necessary to recognize the  
character of the spot and to apply  
the proper elixir. No modern  
laundry is likely to send home work  
with spots of rust, ink paint or fruit  
stains and yet each of these requires  
a different agent to remove it. The  
dealers in laundry equipments now  
have complete sets of chemicals for  
spot removal, together with clear di-  
rections for their use. These are in  
great demand for the small laundries  
as well as for a few of the high-grade hand  
laundries.

Important Part in Hospitals.  
There is no place in which the modern  
steam laundry methods are used to  
greater advantage than in the hospital.  
By no other means could the requisite  
amount of clean linen be kept in ready  
service. One of the most useful parts of  
the hospital laundry equipment is the  
steam drying room which makes it  
possible to prepare enormous quanti-  
ties of linen in a few hours. The hos-  
pital laundry is principally for bat-  
tard work and speed is the greatest require-  
ment. It may be necessary to have 0  
sheets and several hundred towels pre-  
pared in a few hours. One of the chemi-  
cal problems now being considered in  
connection with hospital laundry work  
is the deodorizing of articles used in  
the dressing of surgical patients. So  
far it seems almost impossible to re-  
move the smell of iodine from sheets and  
gauze. It seems to cling some  
times after several washings.

The sanitation of the steam laundry  
adds much to its value in a hospital.  
It is claimed that there is no possibility  
of disease germs surviving the use  
of steam laundry.
